Child Impact Program

Reducing the
Impact of Divorce
on Our Children

Offered by

NH Community
Behavioral Health
ASSOCIATION

Child Impact Program

"I understand how my kids feel a lot better now than I did before"

Finding New Ways to Help Divorcing Parents with Children

Throughout the divorce process, your children are affected by the changes going on around them. The **Child Impact Program** is a four-hour seminar which will address:

- How kids react to separation and loss
- Children's needs as marital and family roles change
- How to talk to your child about divorce
- How parental decisions affect kids
- Increasing self esteem in our children
- Co-parenting our children
- Conflict resolution techniques

"The presenters did a good job of dealing with a sensitive issue – they were tactful, kind and informed"

For more information on schedules, please go to www.nhcbha.org

The Impact of Divorce, Separation and Custody Affects All of Us

The New Hampshire legislature in 1993 enacted RSA 458-D, establishing a pilot project to offer the Child Impact Program. Initially offered in four counties, the program has expanded statewide. NH Community Behavioral Health Association (NHCBHA) coordinates the Child Impact Program in all ten NH counties. NHCBHA works closely with the NH Judicial Branch to help parents, kids and the courts in providing information regarding the impact of divorce and separation on children.

Participants can attend any location to meet their requirement. Experienced professional counselors present each class in convenient locations during evening and weekend hours.

A per participant fee is payable in advance of attendance. Reduced fees are available if a parent is receiving state-based assistance programs. Please call to register or request more information.

"I found the course relevant and informative. It opened my eyes to the needs of my son"
